Announcing A Tapestry of Stallions

We Invite You to Join the SMF Breeding Continuum from Desert Antiquity to Modern Treasures

In our 20 years as breeders of fine straight Egyptian Arabian horses, Henry and I have witnessed the weaving and intertwining of bloodlines, strains and families. We have experienced this as well in the lives of people from around the world who are the keepers of these very special horses. In a way, we create a beautiful tapestry, as our lives with the horses' traits woven together. This "fabric" is a continuum of horses, breeders and owners with a global impact.

Throughout our years in the Egyptian breeders community, our goal has been to support and encourage others breeders and to share the benefits of breeding to straight Egyptian stallions. This year we are offering special rates for the services of our Silver Maple stallions and two new stallions standing at SMF, owned by international breeders from Egypt and Qatar. These exceptional straight Egyptian stallions are the Gold, Silver and Bronze threads you can weave into the fabric of your breeding program to ensure and enhance its lasting quality.

This special opportunity includes offering our personal support, sharing the knowledge base we have gathered over the years, as well as sharing in your own experiences. After more than twenty years of dedication to straight Egyptian horses, we value the philosophies we have learned from others, as well as the personal hands-on experience with the Arabian horses of SMF. It would be our honor to give back some of what we have gained through our involvement with the straight Egyptian horses and the people whose passion it is to breed them.

We invite you to become a part of the very real and colorful global tapestry woven from the bloodlines of the exquisite straight Egyptian Arabians - meet with us at the Egyptian Event beginning June 4th-9th, or join us in August for the second "Fun Summer Gathering", an educational weekend.
